# Debunking the Myths of Microsoft Learn Student Ambassadors Program

🎙 Anjum Rashid

🐦 @anjum\_bijoy26

linkedin anjum-rashid

Your Queries

# Why should I apply for ambassadorship?

As an ambassador, what does the  
**work environment** feel like?

Can a student from a different major  
(i.e- marketing / mechanical engineering)  
apply to the program?

How is the whole program structured  
and what are the expected outcomes ?

What are the roles and responsibilities  
of an ambassador in this program?

Does my ambassadorship persist for a limited timeframe ( e.g- one year in **AWS Community Builder**) or till the last day of my graduation?

How can this program help  
to build my **resume**?

I'm Bangladeshi but studying in outside country (e.g - India). Is the application procedure different for my case?

What kind of **video submission** does Microsoft prefer on the application?

Is there any initiative taken by this program to improve **data literacy** among students?

Does the program has any plans on encouraging students to learn **data science** related aspects?

# How can this program benefit me?

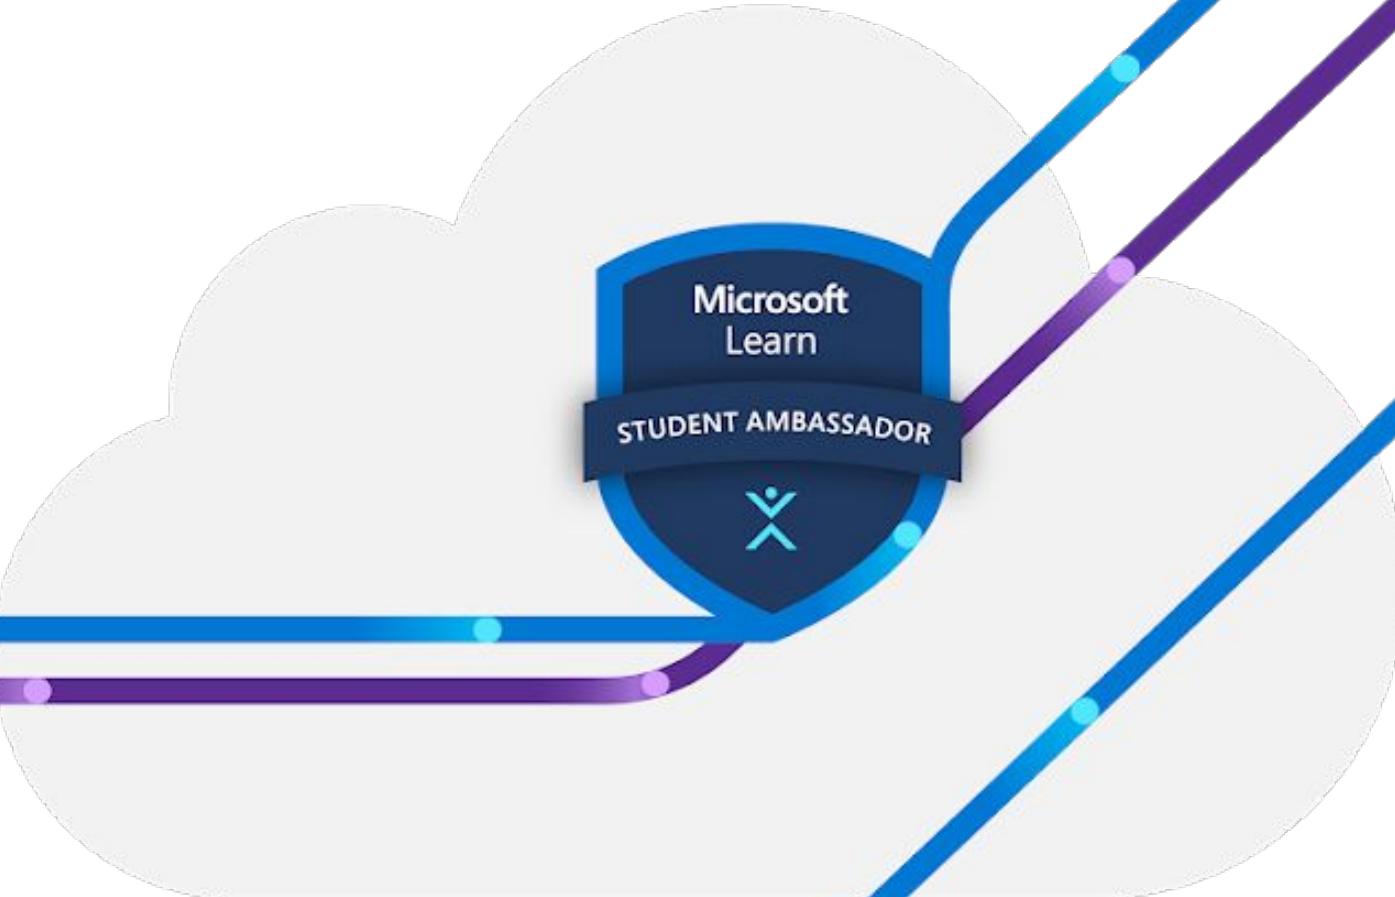

What are the ambassador selection criteria and how to make my application stand out?

What type of **networking** opportunity is available for us?
